Venejer, Colors Of The Fall

Verse 1.

Stuck in here feeling cold Forever may never come Trapped inside My dying Kingdom Everything seems undone.

Under the clouds I roam Above the skies I call home.

Colors of the fall
Break my heart
Lifes sweet smell
Consumes me
Seasons always change
But I'm still the same
Deaths bitter taste
Breaks me.

Always down never fallen Rising never seemed so hard Lifes deceiving feels so easy Perjury has not yet won.

Under the clouds I roam Above the skies I call home.

Chorus. (Repeat).

Prechorus.

Under the clouds I roam Above the skies I call home Nothing is as it seems Nothing is as it used to be.
