

Venejer, Weak

Verse 1.

You took it out on me
You said that I was weak
You cut in me too deep
The wound I couldn't see
And when I start to scream
You said your goodbyes
Was it all a big lie.

Chorus.

And when I fall asleep
I'll make it all a dream
And I'll make it seem
Like I don't care
That you don't notice me
Don't take it out on me.

Verse 2.

You took it out of line
These thoughts were in my mind
You took it out on me
You said I was weak.

Chorus.

And when I fall asleep
I'll make it all a dream
And I'll make it seem
Like I don't care
That you don't notice me
Don't take it out on me.

Bridge.

Chorus.
