

# Vengaboys, Superfly Slick

Big boy showing off all around the city  
Still the same Versace suit, thinking you're so bad  
Hustlin' girls, handy phone, acting like you're busy  
Baby let me tell you you're the worst I ever had

Highbrow attitude really don't impress me  
I know where you coming from, see right through your game  
Luxury overdose won't make you possess me  
Baby let me tell you in the end it's all the same

Don't think I'm crying and trying to get you out of my heart  
No need denying that you have been lying right from the start  
I thought this love would take us to the heights of sensuality  
But now I know that you're not even half the man you said you'd be

Don't think I'm crying and trying to get you out of my heart  
No need denying that you have been lying right from the start  
I thought this love would take us to the heights of sensuality  
But now I know that you're not even half the man you said you'd be
