

# Vengeance Rising, Among The Dead

Do you see the people, lying in their living graves  
Knowing not the Mystery, totally depraved  
The backdrop of the Law, shows man the sinner that he is  
Doesn't need to be some heinous crime, point out what Adam did

THAT is the reason  
WHY we are here  
TELL 'EM of Salvation  
The WORK of God is dear  
LET the light shine  
OUT and darkness ends  
ADOPTED children  
We walk among the dead

Awaiting the Hour preparing for war  
To slay the deniers of Christ  
Until that day, invite them  
Come and be one with us in Christ

Time here is so short, as the elders do know  
Listen up ambassadors for Christ  
Redeem the time, I'm calling you  
To get out there and fight

There's action that's needed, the call, your to heed it  
Eternity's coming, they're entering hell  
And there blinded by Satan, in darkness so great  
That they don't even know what it is that they fall on  
But you need to understand, just what they believe, so check it out

We wait for the King, and till he comes we occupy  
Forcefully advancing, no need to wonder why
