

# Venom, Mortals

Hear me mortals  
Or I'll condemn you to that shit and puke  
You were destined to lounge in  
You'll work the blood fields  
Sail the semen seas  
Feelings of pain and fear

Mortal man - animal - prepare to feel hot

See me mortals  
In nightmares eat your mind  
Amongst endless screaming drones  
Regurgitating bones to plant  
And water with your tears

Mortal man - animal - prepare to feel hot

Fear me mortals  
Or your mind and guts will explode  
In your very own sickly self  
You'll haunt the realms of purgatory  
Dying off pain and fear

Mortal man - animal - prepare to feel hot
