Put some great white muscle - In between your thighs

All this is physical no need to know your name

I need to get it on -
C'mon play with a white man yeah

Get this - Hey you girl looking at me
Stop your staring unless you're free
I need someone who fits just right
I need to get it on - tonight

Wanna hear it - All I wanna do is open you up wide
Put some great white muscle - In between your thighs
