

# Venus, Add Stars To The Sky

We knew another side  
That's what we believed in.  
We spent so many nights  
Trying to reach it.

We wanted feelings  
Strong as the first love.  
We wanted everything  
That's why we got lost.

We wanted to be known  
And grow up fast.  
We wanted to find love  
To forget the past.

Hey hey hey.  
Add stars to the sky.  
Hey hey hey.  
Add stars to the sky.

Add stars, add stars to the sky.  
Add stars, add stars to the sky.

So we jump the rails  
Much too far  
And we fell and we failed  
Watching the sky.

And now we relearn  
Cause we're back down  
Watching the sun burn  
And water flow down.

And now we relearn.  
We recall  
Who we really were  
And what we really want.

Hey hey hey.  
Add stars to the sky.  
Hey hey hey.  
Add stars to the sky.

Add stars, add stars to the sky.  
Add stars, add stars to the sky.
