

Venus, Million Miles Away

I want you to know
I won't come back
Oceans and roads took me
Miles away from home

A million miles away from home
So far away from home
So far away from home
So far away from home

I want you to know
What it's like
To lie on your own
On velvet clouds
Awake every day

A million miles away from home
So far away from home
So far away from home
So far away from home

I want you to know
I won't come back
No matter where I'll go
I'll hear you sigh
