

# Venus, Million Miles Away

I want you to know  
I won't come back  
Oceans and roads took me  
Miles away from home

A million miles away from home  
So far away from home  
So far away from home  
So far away from home

I want you yo know  
What it's like  
To lie on your own  
On velvet clouds  
Awake every day

A million miles away from home  
So far away from home  
So far away from home  
So far away from home

I want you to know  
I won't come back  
No matter where I'll go  
I'll hear you sigh
