

# Venus, Mingle With The Night

Black spirits and white  
Red spirits and grey  
Mingle with the night  
You that mingle may

White bodies and dark  
Shadows in the haze  
Your memory can last  
As it can fade away

I'm black and I'm white  
I'm red and I'm grey  
I will mingle with your minds  
Cause I cannot escape

And I will mingle with the night that comes  
As I mingle with the day that falls  
And I will mingle with the sigh that grows  
As I mingle with the pain you hold

Black spirits and white  
Red spirits and grey  
Mingle with the night  
You that mingle may

And I will mingle with the night that comes  
As I mingle with the day that falls  
And I will mingle with the sigh that grows  
As I mingle with the pain you hold

And I will mingle with the night that comes  
As I mingle with the day that falls  
And I will mingle with the sigh that grows  
As I mingle with the pain you hold
