

Vera Vuitton, Nasty

What do they see
Looking at you
Could they see a dare?
Dazing eyes and wandering minds
are coming after you
as you're standing there
and he steps your way
Steps across the floor
Coming on to you, here is what you do
Do exactly what I say
Nasty Ladies, show them what they really want
then you follow me

say what they really want, nasty, nasty, nasty, nasty
and what they really need, nasty, nasty, nasty, nasty
now listen to me sing, nasty, nasty, nasty, nasty
now say it back to me, nasty, nasty, nasty, nasty

Listen up boys, you should know I don't believe it
out to own you, they'll control your thoughts
and haunt your dreams
as you're standing there, as he steps your way
across the floor
Coming on to you, here is what you do
Do exactly what I say
Nasty Ladies, show them what they really want
then you follow me

say what they really want, nasty, nasty, nasty, nasty
and what they really need, nasty, nasty, nasty, nasty
now listen to me sing, nasty, nasty, nasty, nasty
now say it back to me, nasty, nasty, nasty, nasty

When it feels so good, you can't let go
your body goes in over load
you can not hide, the way you feel
it makes you feel, it feels so real

say what they really want, nasty, nasty, nasty, nasty
and what they really need, nasty, nasty, nasty, nasty
now listen to me sing, nasty, nasty, nasty, nasty
now say it back to me, nasty, nasty, nasty, nasty

Nasty ladies, show them what they really want
then you follow me
Nasty ladies, show them what they really want
and then follow me
nasty ladies, show them what they really want
and then follow me

Freedom come to me, if you really, let me know
you can go if you want

nasty, come on say nasty
nasty, come on say nasty
