

# Verbena, Desert

im in love with the size of a desert  
never seen it but id love to kiss a cactus  
got my hands on a piece of the good earth  
both my hands up inside of a new world  
its exactly by the pound  
i do i do  
i would never ?  
this excitments got me down  
i do i do  
desert grows to the size of a fever  
desert smiles at the feet of a new boy  
desert gets everything it ever wanted  
im in hate with the size of a desert  
this excitements got me down  
i do i do  
i would never do it ?  
this excitements got me down  
i do i do  
im in love with the size of a desert  
never seen it but id love to kiss a catcus  
got my hands on a piece of the good earth  
both my hands up inside of a new world  
this excitements got me down  
i do i do  
i would never do it ?  
its exactly by the pound  
i do i do  
i would never leave now ?  
this excitements got me down  
i do i do  
i would never leave now ?  
i do i do  
its exactly by the pound  
i do i do
