

# Veronica Glapa, You're Not sorry( Prod. Francuz)

Well I dont need your Kind  
Well I dont need to try  
Try to get us clip together again  
I burnt our eyes at all  
I changed my mind of worth  
And Im not going to keep believing  
Well I dont need your Mercy  
And I dont need your Pure  
Quess, I dont need two wishes  
And change my life for you  
I thought I wont be stronger  
But its the next of Hurts  
You brought to my life at all  
I dont really wanna make me go  
But you never wanted stay at all  
Every days and every nights youve been too far away to touch  
Promised that you never had to change  
Gave me word you always be the same  
But quess what  
Its over  
And youre not sorry  
You sent the pologize to me this day  
Said you sorry , for the year You went  
But I dont really mind  
Beginng down on your knees that Youre true  
Jelous stared at me when Im out you  
Never thought that this one  
Had to go  
Swore to the God  
That well be fine  
But our ways is too high to climb  
I open Inbox and Im throw away every lines you wrote  
I dont really wanna make me go  
But you never wanted stay at all  
Every days and every nights youve been too far away to touch  
Promised that you never had to change  
Gave me word you always be the same  
But quess what  
Its over  
And youre not sorry  
I dont really wanna make me go  
But you never wanted stay at all  
Every days and every nights youve been too far away to touch  
Promised that you never had to change  
Gave me word you always be the same  
But quess what  
Its over  
And youre not sorry
