

# Versaemerge, Consider The Sea

The tides will rise, the time will call  
Wish I never saw it fall  
Who we are, and what we've done  
It hasn't shown  
Don't tell me that this is just a reason to sleep  
Give me your hands to mine and see who tried this time  
And wanting nothing more than to flee these streets  
(Live for me)  
But this is a life so consider, so consider the sea  
And I won't say you're useless  
Because I, I've seen you dream  
And convincing the sun not to rise  
Won't hide, won't hide you  
And I won't say you're useless  
Because I  
(These seasick dreams)  
Phony wings placid and stationary  
Don't tell me that this is just a reason to sleep  
Give me your hands to mine and see who tried this time  
And wanting nothing more than to flee these streets  
(Live for me)  
But this is a life so consider, so consider the sea  
The moves I like, places I won't go  
In fear of never getting back  
Don't tell me that this is just a reason to sleep  
Give me your hands to mine and see who tried this time  
And wanting nothing more than to flee these streets  
(Live for me)  
But this is a life so consider, so consider the sea
