Vex Red, Untitled

You're too near me 'cause I'm on fire You surround me you steal my breath

Trapped inside here when you're around I should go home move away from me

This time I mean it it's time you left me alone I won't hurt myself for you or anyone

You're too near me 'cause I'm on fire I should go home move away from me

This time I mean it it's time you left me alone I won't hurt myself for you or anyone (x3)
