

Via Mistica, Pray for Strenght

Oh, hear my pray
One single sign
Will stop my pain
Will keep my life
Oh, hear my pray
Show me your might
One misery
Will bright the dark
Lying on the floor
Waiting for bright
Waiting for hope
I pray...
From the darkest night
hear my tears
hear my breath
I pray...
Waiting for new strenght
Hoping for the light
Begging for beginning
Give me a sign !
Angel came down
and gave me the light
