

# Viagra Boys, Troglodyte

He goes to work on his computer  
He thinks about his gun at home  
One day, he's gonna be a shooter  
He's gonna bring his gun to work

He thinks about the ones around him  
And the punishments they'll face  
But things they would play out much different  
Back in the time when we were apes

When everybody was a monkey  
We had to fight just to survive  
And now you've got yourself a weapon  
You think you choose who lives and dies

But when we had hairy arms and legs  
And you were still swimming round in a lake  
Yeah you were still a troglodyte  
You just evolved a bit too late

You ain't no ape  
You're a troglodyte  
You ain't no ape  
You're a troglody-y-yte

He says he don't believe in science  
He thinks that all the news is fake  
And late at night he sits on his computer  
And writes about the things he hates

But if it was a million years ago  
And we were still living in caves  
You would not be welcomed by the other apes  
'Cause you evolved a bit too late

You ain't no ape  
You're a troglodyte  
You ain't no ape  
You're a troglody-y-yte  
Yeah, you're a troglody-y-yte  
Yeah, you're a  
Yeah, you're a  
Yeah, yeah you're a  
T-t-t-t, t-t, t-t-t-t-t-t  
Troglodyte (Yeah, you're a troglodyte)
