

# Vicious Rumors, Thunder And Rain - Part 2

(Lyrics: M.McGee // Music: M.McGee, G.Thorpe)

Winter is falling, chill's in the air  
Angel is calling a spirit somewhere  
Memories that bind me, the tears never end  
You've taken my brother, you've taken my friend  
Taken my only friend  
I know the clouds will be clearing away  
The seasons will save me from thunder and rain  
Loneliness cuts through my veins like a knife  
This tortured soul so empty inside  
Am I the victim or am I a slave  
All these emotions, searching I pray  
Now that the clouds have all cleared away  
Time will continue, so will the thunder and rain.  
(Dedicated to the memory of Criss Oliva)
