

Victims Family, I Pissed On A Tree

I pissed on a tree, I put up a flag for all the world to see.
I discovered this place all by myself and now it belongs to me.
And then I put up a wall and a barbed wire fence to keep all of you
out. And then I bought myself a gun, yes I bought myself a gun to
keep all of you out.
I own this thing it belongs to me and nothing stands in my way.
'Cause I'm gonna fight and I'm gonna die for all the things that I own.
The crue lies under the sand the fish that swim in the sea all belong
to me. The beaches were made for my leisure, the people all work
for my pleasure they belong to me.
