

# Victims Family, Out Of Hand

i know it's getting out of hand  
out of my sight and out of my mind  
and all these problems get locked up inside  
there is no place to run & hide  
i know it's getting out of hand  
out of my sight & it's out of my mind  
i don't want global suicide  
i can't help but feel my hands are tied...  
..i feel and think it's out of hand  
and i know i'm not out of my mind  
i won't submit to suicide  
i know the problem's not inside
