

# Victims Family, Work

hidden in offices without a clue  
that you're working for them  
not really for you  
they've cleverly priced  
everything you need  
working's a must there's a family to feed  
life is expensive  
you must earn your stay  
god our creator really wants it this way  
no...  
choices...  
left...  
this is the world they've made for you  
they've really come up with the ultimate scam  
you're working away for their new trans ams  
work's just another piece of big brother  
designed to take up all your time  
time you could spend  
putting them to an end  
instead of them robbing you blind
