

Victoria Beckham, Back to you

I was doing alright
I was minding my own
I was out there, I didn't miss you
It was Saturday
When I walked to the park
But she was right there and then she kissed you
It's like this (this) all the time
I had you (you) out of mind
It was I (I) that's what it's all about
It's like this (this) all the time
I had you (you) out of mind
It was I (I) that's what it's all about
I've tried to get over you baby
I lied to get over you baby
All I wanna do, is come right back to you
I've cried to get over you baby
I died for the lovin' you gave me
All I wanna do, is come right back to you
I tried to be strong
Finally got over you
I thought I could avoid this moment
Went out every night
With my girls
But it's not what I really wanted
It's like this (this) all the time
I had you (you) out of mind
It was I (I) that's what it's all about
It's like this (this) all the time
I had you (you) out of mind
It was I (I) that's what it's all about
I've tried to get over you baby
I lied to get over you baby
All I wanna do, is come right back to you
I've cried to get over you baby
I died for the lovin' you gave me
All I wanna do, is come right back to you
That's the way it's gonna be
Turn around and come back to me (come back to me)
That's the way it's gonna be
Turn around and come back to me (come back to me)
I've tried to get over you baby
I lied to get over you baby
All I wanna do, is come right back to you
I've cried to get over you baby
I died for the lovin' you gave me
All I wanna do, is come right back to you
I've tried to get over you baby
I lied to get over you baby
All I wanna do, is come right back to you
I've cried to get over you baby
I died for the lovin' you gave me
All I wanna do, is come right back to you
