

Victoria Beckham, Let your head go

From the river
To the waterfall
Let the music flow
Feel your fingers
Feel the energy
Shake your very soul
And when it feels so good
I can almost lose my mind
And when it feels so good
Ooh it makes me crazy, every time
Let your head go
Shake your body free
Cos tonight the beat's gonna get you
Let your head go
Baby trip on me
One more time, I will make it better
Better, I will make it better
From the dance floor
To your fantasy
Gotta break it down
In my system
Deep inside of me
Gotta let it out
And when it feels so good
I can almost lose my mind
And when it feels so good
Ooh it makes me crazy, every time
Let your head go
Shake your body free
Cos tonight the beat's gonna get you
Let your head go
Baby trip on me
One more time, I will make it better
Let your head go
Shake your body free
Cos tonight the beat's gonna get you
Let your head go
Baby trip on me
One more time, I will make it better
Better, I will make it better
And when it feels so good
I can almost lose my mind
And when it feels so good
Ooh it makes me crazy, every time
Let your head go
Shake your body free (shake your body free)
Cos tonight the beat's gonna get you (gonna let go)
Let your head go
Baby trip on me (baby trip on me)
One more time, I will make it better (gonna let go)
Let your head go
(Shake your body free)
Cos tonight the beat's gonna get you (gonna let go)
Let your head go
Baby trip on me (baby trip on me)
One more time, I will make it better
