

Victoria Beckham, Me Without You

I'm under your influence
And I see no pretence
In all that you do
You're all I've been waiting for
I can't help wanting more
Carry me through

Beautiful
Innocent
Caught me out
Unaware

Ooh, what in the world would I do
Can't think of me without you
What would I be without you baby
Ooh, what in the world would I do
Can't think of me without you
What would I be without you baby

I'm drifting I'm lost in love
Don't want to find myself
No-way
You got me I'm hypnotised
I hang on every word
That you say

Beautiful
Innocent
Caught me out
Unaware

Ooh, what in the world would I do
Can't think of me without you
What would I be without you baby
Ooh, what in the world would I do
Can't think of me without you
What would I be without you baby

Beautiful
Innocent
Caught me out
Unaware

Beautiful
innocent
captured me
I don't care...

Ooh, what in the world would I do
Can't think of me without you
What would I be without you baby
Ooh, what in the world would I do
Can't think of me without you
What would I be without you baby
