## Viet Cong, Bunker Buster

Go where, go where fluorescent primates teem and wind through the neon screens that scan over

Swelling, screaming, it's a deranged enhancement Deflated amplifiers overdeveloped in incompetent ways

Slowly, slowly fall through the snow so softly Carry me where we're going Nowhere at all, we're going Nowhere to go

Go where, go where fluorescent primates teem and wind through the neon screens that scan over

Swelling, screaming, it's a deranged enhancement Deflated amplifiers overdeveloped in incompetent ways

What side are you on, man? I think we look the same I know eventually you'll tell me where you came from You'll tell me where you came from /3x
