

# Viktor Vaughn, A Dead Mouse

Yo

I'm only rhyming where the drums is at  
Y'all niggas think y'all slick wit that bullshit bump that  
Y'all pay V for flowing to the beat  
Not for what he know that got hoe's hoeing in the streets  
That's for him to know  
And for they to never find out  
About the kidnap, blind fold, and the blind mouse  
The coroner report say he simply signed out oh  
And I know  
Y'all wanna see a wino bring the wine out  
Cat wit a dead mouse is how he catch the phrase and pause plays wit it  
Kill it  
And eat off it for days kid it  
Who ever ain't get it ain't supposed to  
For standing still close to  
Bandits will ghost you  
No shoot Sherlock  
I don't know how they do on your block  
Out here we rock on to the sure shot  
Shit still ain't stop keep it on till your peeps is gone  
We be on the creep no matter what you keep it on  
CD whop

Peep

Catch the beat to ridiculously  
People think he study levitations true mystery  
How to power an envious scallion till he got him for his sweet 16  
He said Ed be wilding  
Rumor has it things got violent  
He clobbered him and broke the fuck out  
But he ain't try to rob him  
I told her don't tell your man that's the trouble with these chicks  
Next experiment  
Twelve strands from double helix  
No  
I haven't seen Kess Felix  
Oh yeah  
You stay away from her with those lyrics  
Please  
Aint nobody fucking after her  
I'm out of here as soon as I fix the flux capacitor  
N O N and speak to V in a proper manner  
before he stabs ya and put out all type of proper gander  
Stop the slander  
Chop the hand of a thief  
And cut the mouth off of who ever comes out they teeth

V sell time to an inmate

And then tell him a rhyme for the hell of it to demonstrate  
They know who's the renown beat critic  
Do a street lyric like that's a neat trick  
Off on a tangent  
He ain't got a cent  
Supposed to go to management and spent it getting bent  
Sparky  
I had enough of your malarkey  
For one don't mark me and who you calling darky  
Agitate in the dark
