

# Viktor Vaughn, Mr. Clean

Study your history --

Whoever don't? I pity-the-fool like Mr. T  
Knowledge this degree, it ain't no mystery  
&quot;What you gon' do&quot; or &quot;what you know&quot; is what is to see  
And that's more than meets the eyeball  
Now who wants to buy a brand new tsetse fly call?  
Alright y'all (zoom), the speed was break-neck  
Faster than the hi-speed, dual cassette tape deck  
(How far?) The distance was light-speed  
He went to see a buddy who said he had some white weed  
In case it might need, it didn't mean much  
For in his lean clutch was the elusive green Dutch

Who that? Kinga, Vaughn's younger brother  
A real live swinger who rock Louis Vuitton pleather  
And he walk around like he think he king  
Even made the hood-rats stop to kiss his pinky ring  
Like a soup sandwich on a hand dish  
Some say his language is way too outlandish  
He did his thing, spoke in a jig slang  
And translate Einstein's theory of the Big Bang  
He told his boo: &quot;Boo, I put a spell on you  
Stay with me, whether we broke or we well-to-do  
If it don't work, the hell with cha  
May the doorknob hit cha where the poor slob bit cha&quot;

What you thought ya' darn skeezer?  
The G of a mack and the steez of a geezer  
True man of leisure, she must've caught amnesia  
Paid off the 8th grade fade or a Caesar  
He was known for his thick skin  
Part Zimbabwean and part Trini mixed in  
Big shot, sold a guy a pound of pig snot  
Said it was proven to remove stains and ink spots  
Kinky flow, dripped down her leg to her pinky toe  
Jiggy hoe, who don't know as much as she think she know  
One week she stepped to him like a Slinky, yo'  
Wig like a mink skin, soft like Twinkie dough  
Then she kissed the queen, and told her she need Listerine  
Twist the green, it's laced with antihistamine  
Enough to make you make your face like Mr. Bean  
V hit the scene like: &quot;Fuck it, give me a Mr. Clean&quot;

Shit, tired of all this ...  
It's too hot out here, to be having all this shit, man  
Shit, take it off ...  
Take it all off, boss ...  
No matter what the cost
