

Violet Indiana, Touch Me

What's the matter with your expression?
You say you are just thinking
Nothing that you want to share with me?
Do you still care?

Where is your heart?
Just tell me
Is there someone else?
Is there someone you're loving?
Don't you want me?

What's the meaning of your silence?
Could this be the end?
There is no time for conversation
You don't even touch me

Where is your heart?
Just tell me
Is there someone else?
Is there someone you're loving?
Don't you want me?

Do-dooo-doo-doo-a-do-dooo-do-do

What's the matter with your expression?
You say you're just thinking
Nothing that you want to share with me?
Do you still care?

What's the meaning of your silence?
Could this be the end?
There is no time for conversation
You don't even touch me
