

# Vir, In your eyes

feel it

When I hold so close I feel so hot

Your eyes are

Glittering brightly stars piercing my soul

Like a shining sword

I'll be yours

When you move your body swinging round

Desire

Wanna feel your touch macking me cry

One man cant go on

If you only want to do it

Id know you want to do it

In your eyes

When you dance

What if we ran to heaven

I wanna be in there

In your eyes

When you rock
