

# Virgin Steele, Come On And Love Me

[Music: De Feis/Pursino, lyrics: De Feis]

The night is hot and so am I  
Darling feel the heat between my thighs  
You're a perfect angel sweet seventeen  
Moist and pink and hotter in between

You touch me with that velvet touch  
Your body grips I can't get enough

[Chorus:]  
Come on, love me  
Come on, take me home  
Bring it back, bring it back to life

Give all your love to me girl!

I'm Dave the lion, roar till I die  
I kiss the girls and then make them cry...  
With pleasure!

I taste your lips, you drink my love  
It's a vintage year honey, '69

You touch me with that velvet touch  
Your body grips me I can't get enough

[Chorus]
