

Virgin Steele, Go All The Way Tonight

What would you say if I told you that
I want your love and I just can't wait
Would you think it's just a line
If I tell you girl we ain't got much time
So let's go all the way
It's gonna be alright
Let's go all the way
Love or say goodnight
Let's go all the way
We shouldn't have to fight
Let's go all the way tonight
I don't know what you've been told
But you're never too young to rock and roll
I don't know what tomorrow might bring
So let me love and let me sing tonight
So let's go all the way
It's gonna be alright
Let's go all the way
Love me or say goodnight
We shouldn't have to fight
Let's go all the way tonight
