

Virgin Steele, Hot And Wild

White hot, white heat
We're gonna blind your eyes
Like a supernova one step closer
We'll leave you hypnotized
A fast guitar, a stage and some action!
A burning heart for you...yeah!

HOT & WILD tonight
Electric Lions stealing the spotlight
HOT & WILD tonight yeah

Ooh, oh, here she comes
I know she's comin for me
She's a fox in leather, whiskey & feathers
The joys and venus are free
Pour the wine in the cup of the future
And raise your glass for today!

HOT & WILD tonight
Electric Lions stealing the spotlight
HOT & WILD tonight yeah
HOT & WILD tonight...hot & wild, wild, ahhh let's go!

Pour the wine in the cup of the future
And raise your glass for today!!!

HOT & WILD tonight
Electric Lions stealing the spotlight
HOT & WILD tonight yeah
HOT & WILD tonight!!!
