

# Virgin Steele, When The Legend Die

[MUSIC AND LYRICS BY DAVID DEFEIS]

[ORESTES:]

Father's Eyes staring in the Blackness of the Morning  
Mother cries echoing the Shadows of the Sunrise...  
There you stood arms cloaked in Darkness where the Shades have gone  
Wave goodbye to all that you know and all you'll ever be

Where will I run, the Faces are so cold  
How will I Rule with Arms against the Sky  
Where will I go when all has been disowned  
Lord of this World, leave my Soul alone

Troy is Burning, say Farewell (HAIL)  
Light the Fire of a Thousand Days (WAR)  
Pain and Slaughter, even Gods can lie  
WHEN THE LEGENDS DIE... cry like Rain...

Steal the Wind, gather all the Evening's Suns so blind  
Where's your Soul forged in the Mist of Dawn in time will rise  
To Damn the Gods this is no Illusion there are Ways to bear, my share  
To Kill them all, Blacker than a Thousand Vows when Water Rises

How will I run, the Faces are so cold  
How can I stand Eyes against the Night  
Where will I go when all is said and done  
I leave it behind, Graces of the World

Kill the Father, Kill the Son (HAIL)  
Kill each other work is done (WAR)  
Pain is nothing, even Gods can Lie  
WHEN THE LEGENDS DIE... Die for me!

Oh, I will not Rise again you know  
Oh, I will be Torn on Bloody Ground!

How will I run, the Faces are so cold  
How will I race Clouds against the Sky

I am Burning say Farewell (HAIL)  
Light the Fire of a Thousand Lives (WAR)  
Pain and Slaughter, even Gods will Lie  
WHEN THE LEGENDS DIE!!!
