

Vision Of Disorder, Divide

Divide - Street force
Street force will win the wars
We were the ones to win
You are the grateful
We were the ones to lose
You were the spiteful
Show us the way
We shall never fall
Show us the way
We shall never fall
Divide - Street force
Street force will win the wars
No more patience
We were the ones to protect
You are the fortunate
You were the ones to spit
You are the ignorant
Show us the way
We shall never fall
Divide - Street force
