

Vision Of Disorder, Zone Zero

Litigation got me thinking
In the window all these letters
This will be your own catastrophe
As you wait zone zero
I don't care what you think
I don't care what you say
I don't care about them
I don't care any
I don't care what you think
I don't care what you say
I don't care about them
I don't care anything
No hope - for alliance
No hope - for sadness
No chance - for forgiveness
Nothing - but your misery
Nothing - you can do
As it - melts and grinds you
Inside - pain you spent
In the - misery
Sometimes it will tell
Where you've been and what I've seen
What I've found as I lay
In your ground by your side
Execution
Mass polution
My solution
Kill the humans
Los Angeles
Engrossed in flame
I don't care what you think
I don't care what you say
I don't care about them
I don't care any
Lost in time in your mind
Nothing's left they all died
I don't care what you think
I don't care what you say
I don't care about them
I don't care anything
Generation caught beneath
All these guns
Out of reach
Where were all your profits during
the atomic Shower of flesh
Ashes
Kiss it goodbye
