

Viso x DJ Drama, Tryin To Get A Bloc (ft. Jhetta H

And like that
We gone
It's been a pleasure
Coke Boys 6
Legendary, DJ Drama

Got it from the bottom, came from the projects
Sawed it with an onion, tryna get a blocker
Take off like a rocket, mmm
Take off like a rocket, mmm
Got it from the bottom, came from the projects
Sawed it with an onion, tryna get a blocker
Take off like a rocket, mmm
Take off like a rocket, mmm

I don't do much, I just stack it on up
Tell the packers "All love", oh, I've seen true love
Once I add it all up, I be high, like an addict on drugs
Oh, you can do whatever you want, just go tell 'em I'm up
Or you can go tell 'em whatever you want
'Cause when I needed, it was never that much
Damn, now we doin' numbers

You on the block with that block-work, (Trash)
Huh, you act up, I let that Glock work (Glock work)
Huh, I let you dance with the doctors (Yeah)
We eatin' good, like the mobsters (Yeah)
You buy a one, then I front you two (Yeah)
I've been poor, I was one of you (Yeah)
But I'm sharp, like a number two (Yeah)
We put that rock, like them ballers do (Yeah)
When Kanye was on the table, singin' Big Brother
I was buyin' bricks and holes from Bigg's brother (I was)
Rest in peace [?], my big brother
I was gettin' twenty keys from my big brother (I was)
[?], miss you, my big brother, my big brother

I don't do much, I just stack it on up
Tell the packers "All love", oh, I've seen true love
Once I add it all up, I be high, like an addict on drugs
Oh, you can do whatever you want, just go tell 'em I'm up
Or you can go tell 'em whatever you want
'Cause when I needed, it was never that much
Damn, now we doin' numbers

Whatever you want
'Cause when I needed, it was never that much
Damn, now we doin' numbers
Whatever you want
'Cause when I needed, it was never that much, damn

Hold on, what you think?
Like I'ma sip the sides up when I could go and get my own
No, I'ma get the bag, and if I don't fill the safe up
I'ma bring them tops out, I'ma get the sink (Don't play)
Before you fear closets, just make sure your fridge on full
'Cause a nigga gotta eat, and when I see you in the streets
I be walkin' right by you, 'cause we don't get to link
Let's dance (Gangsta Grillz)
You don't get the picture, let's paint
And we ain't come to party, less drinks (It's been a pleasure)
I come and sit beside you when I could go and get my own

Oh, no, no

Go and get my own, oh, no, no
Go and get my own
