

Vivian Green, Complete

[HOOK]

You love me incredibly, from my head to the soles of my feet
You know you make me complete, baby
And you love me outstandingly
Cant contain it need a moment to breath
Keep on loving me, baby

[Verse 1]

What a blessing, how you found me
How you conquered me
And showed me showed me so much
Just how it should be
Sometimes I wake up when youve sleeping
Just to watch you dream
I kiss your eyelids and tell you thank you
For this reality

[HOOK]

[Verse 2]

When youre away from me I wait anxiously
Sometimes I barely sleep
Cause Im just so used to you being wrapped up in you in between our sheet
Im so excited for the future, what were gonna be
Ive got this glow everyone knows someone is
Loving me

[HOOK]

[Bridge]

Oh you do something to me
When you look in my eyes
The very touch of you brings me life
Its the ultimate crazy stuff
Just amazing love keep it coming to me cause
