

# Vivian Green, Final Hour

[Verse 1:]

I loved you, just too much  
You owned my emotions  
Devoted, completely  
You had me, I couldn't see  
No one else, by myself  
I remained through the pain  
You were all that mattered  
But now I know there's better

[Hook:]

So I walked away  
While it rained down my face  
I turned away  
From the pain of hurting me

[Verse 2:]

I gave you full control  
my mind, my body soul  
Confusion, delusions, untruthful, unfaithful  
Weighed down my self-esteem  
Never again will I give  
My power, to be me  
And be free, now I see

[Hook]
