

Vixen, Bad Reputation

You're always on the edge,
but you can never find a thrill
Fame and fortune's left you hungry still
You win young innocence with sly seduction
Indulgence paves the road to your destruction

What do you believe in
and why do they believe in you?

Chorus:
You got a bad reputation,
you're a wild sensation
Your ego's on the front line
and your pride's on stage
You got a bad reputation with no hesitation
Will you take the young ones with you
on your way down to the grave?

You're walking a thin line,
but you take no advice
You got all the answers,
you don't need no compromise
You sure convinced us all

that you're a world class sinner
You're running in a race,
where there's never any winners

What do you believe in
and what do people see in you?

chorus

Ain't nothing new about what you're going through, no
It's the same old theme, of the bad boy scene
You're in control, but your hands aren't on the wheel
I bet we'll see you at the crossroads trying to make a deal!
But that ain't no deal, it's a long way down

(Solo)
