

# Vixen, Hell Raisers

Watch out!

Have you heard the news on the street today

We're packing up and heading your way, your way

Roll out the carpet and nail it to the ground

Statr up the party 'cos we're coming 'round

(Pre-chorus) :

Step into the fire

We're headed straight for you

We're taking you higher

That's what we're paid to do

REFRAIN:

Hell raisers, from town to town

Hell raisers, never let you down

Hell raisers, steppin' out

Hell raisers, let there be no doubt

New York to London, Paris to LA

Rollin' thunder

The storm is on the way, get ready

Pressure risin' as the lights go down

Grab your seats, we've come to rock this town

( pre-chorus )

REFRAIN

Have you heard the word on the street today

We're packing up and heading your way, your way....
