

Vixen, Hell Raisers

Watch out!

Have you heard the news on the street today
We're packing up and heading your way, your way
Roll out the carpet and nail it to the ground
Statr up the party 'cos we're coming 'round

(Pre-chorus) :

Step into the fire
We're headed straight for you
We're taking you higher
That's what we're paid to do

REFRAIN:

Hell raisers, from town to town
Hell raisers, never let you down
Hell raisers, steppin' out
Hell raisers, let there be no doubt

New York to London, Paris to LA
Rollin' thunder
The storm is on the way, get ready
Pressure risin' as the lights go down
Grab your seats, we've come to rock this town
(pre-chorus)

REFRAIN

Have you heard the word on the street today
We're packing up and heading your way, your way....
