

Voice of Baceprot, God, Allow Me (Please) To Play Music

Why today, many perceptions have become toxic?
Why today, many people wear religion to kill the music?
I feel like I am fallin', washed down, swallowed by the crowd

I'm not the criminal
I'm not the enemy
I just wanna sing a song to show my soul
I'm not the corruptor
I'm not the enemy
I just wanna sing a song to show my soul

God, allow me please to play music
God, allow me please to play music
God, allow me please to play music
God, allow me please to play music

Why today, many perceptions have become toxic?
Why today, idealizations are abusing our mind?
I feel like I'm falling down, in the deep hole of hatred

I'm not the criminal
I'm not the enemy
I just wanna sing a song to show my soul
I'm not the corruptor
I'm not the enemy
I just wanna sing a song to show my soul

God, allow me please to play music
God, allow me please to play music
God, allow me please to play music
God, allow me please to play music
