

Voices, Rage

(M. Spohn, R. Peinelt, A. Torkler)

(from the album "InFormation", 1995)

every day another nightmare of someone touching me
a feeling that I miss so much here in reality
I can't stand this way of living, I feel the hurting once again
I've rolled the dice too many times and laughing causes pain
every dog gets more love than I ever have received
and people always give me only precocious advice
can't call this situation much more than just a shame
I don't know at all how is the one for this to blame
I give up and leave the show, I stop and quit the game
and I will not return until the rules are changed
the book of love is over, I finished the last page
and now to fill this gap of feelings I fall deep down in rage
