

# Voivod, Nothingface

May I? May I?  
Valves plugs pump to erase  
Rictus from my face  
Lapse of time  
Synchro freeze  
Loop rewind  
Forward speed  
Will to walk  
Crossed out feet  
Fingers tall  
Far from reach  
Mind to talk  
Still words bleed  
Optic box  
Melted through  
Sonic shock  
Silent clue  
Drop by drop  
Drain-out tube

I hope, I need  
I want to dream  
Cold choke choke cold  
I float unseen  
Outside the screen  
Cold choke choke cold  
A wish, extreme  
Awaiting the stream
