

Volkana, Goodbye

look at yourself, look within
Who you are and where you've been
All the thing you've left behind
Too much pride can make you pride
You will learn it the hard way
If you think you'll get away
With the stupid things you do
Be sure that one day
They will come back to you

I believe in myself
Myself and nobody eles
I have got to move on
And say goodbye

Stop pretending to be strong
Can't you see your plans went wrong
You'll no longer bring me down
It feels so good when you're not around
You put me through a lot of pain
Now I know it was in vain
But before you realize
What you have lost
I'll be out of your life
