

# Voltaire, Death Death (Devil Devil Evil Evil Songs

My granny while on her death bed  
She turned and said to me  
"Why must you view life so morbidly  
I tried to teach you right  
But somewhere I went wrong  
'Cuz you sang those  
Death death devil devil evil evil songs"  
When six pallbearers put her down  
And laid her body in the ground  
My eyes were wet  
My face was very long  
The pastor said "son here you are  
Won't you please take this guitar  
Sing dearly departed Granny one last song"  
And I sang death death  
devil devil devil devil  
evil evil evil evil songs  
Hell you know that's how I get along  
The world is full of tragedies  
So how can it be wrong?  
Singing death death death death  
Devil devil evil evil songs  
Well I was shopping at Hot Topic  
And I was walking out the door  
When two dumb jocks came up to me  
They said "Hey fag it ain't Halloween"  
And they kicked my lipstick to the floor  
And I sang death death  
devil devil devil devil  
evil evil evil evil songs  
Hell you know that's how I get along  
The world is full of idiots  
So how can it be wrong?  
Singing death death death death  
Devil devil evil evil songs  
Well I went down to church on Sunday  
I sat up front in a pew  
The priest said "Jesus and Mary too  
Son what the devils got into you?  
Get up and sing a hymn or two"  
And I sang death death  
devil devil devil devil  
evil evil evil evil songs  
And you know that's how I get along  
The world's full of hypocrisies  
So how can it be wrong?  
Singing death death death death  
Devil devil evil evil songs  
I was invited to the White House  
The president pulled me aside  
He said "Son sing us a song of peace  
For those evil doers in the Middle East"  
I rolled my eyes and kicked this rhyme  
And I sang death death  
devil devil devil devil  
evil evil evil evil songs  
And you know that's how I get along  
The world's full of W's  
So how can it be wrong?  
Singing death death death death  
Devil devil evil evil songs  
Well then I died and went to Hell  
I could tell right away by the awful smell  
That this was clearly not the pearly gates

The devil said "come here young man  
My wife and I are your biggest fans"  
So naturally I felt I had it made  
Then he reached into an iron  
And he picked a tool that he felt was best  
Then he jabbed me in the shlong  
With a pitchfork that had sharpened prongs  
He turned to me and winked and sang this song  
And I sang death death  
devil devil devil devil  
evil evil evil evil songs  
Yeah I know that's how you got along  
I find your song hilarious  
But now your soul's precarious  
Singing your death death death death  
Devil devil evil evil songs  
I'm just kidding kid  
Welcome to Hell  
Enjoy the buffet  
Death death  
devil devil devil devil  
evil evil evil evil songs  
And you know that's how we got along  
The world is full of sinners  
So how can it be wrong?  
Singing death death death death
