

# Von Bondies, Please Please Man

Do you like the way I walk?  
Do you like the way I talk?  
Do you like me at all?

I'm your please-please man, baby  
So don't ever let me go

I've been sleeping on your doorstep, girl  
So don't ever try to come home

Please, please, yes  
Please, please, no  
I've been sleeping at your door  
So don't ever come home
