

Vonda Shepard, He Ain't With Me

words & music by Vonda Shepard

Calling all these other guys
I'm seeing something I didn't before
Is that a new look in your eyes
Now you don't believe that I'm asking for more

I saw you walking down the street
With another girl who looks just like me
People always say we look so happy
He took my love but he didn't take me

(Chorus)

He ain't with me he ain't with me
He says he loves me but he don't look in my eyes
But I'll take it 'till it's all gone 'cause
He ain't with me, but at least I'm not alone

You say you laughed with your old girlfriend
You're doing nothing to encourage the end
I could be charming on long distance too
And if you want I'll make it easier for you

Communication is the key
Interrogation don't work for me
You saw that other guy smiling at me
If you were here I wouldn't act so free

(Chorus)

He ain't with me he ain't with me
He says he loves me but he don't look in my eyes
He likes to hold my hand in public
Stranger can't you see he ain't with me

He ain't with me he ain't with me no more
He ain't with me he ain't with me

(Bridge)

I guess fate really has my number
Every time you wander away
I reconsider all the time you said you'd stay

(Chorus)

He ain't with me he ain't with me
He ain't with me no more
He likes to hold my hand in public
He ain't with me he ain't with me
But I'll take it 'till it's all gone 'cause
He ain't with me but at least I'm not alone
He ain't with me

(Chorus)
