

# VU, Walk

We were sitting on the roof trying to disappear  
Sharing every thought, every breath  
We were young and everything was so clear  
but the same old fears were filling the air  
And you said we couldn't stay here  
And you said we couldn't stay

Show no sign of fear  
Walk through the fire  
Leave that space behind  
All ashes and dust  
Keep your faith and walk  
Walk through the fire  
Don't collect stones  
Don't look back

So, we hid our worlds inside us  
Before you decide to jump, be free  
I have never thought that you can disappear  
Making me be someone else  
So much I want to tell you  
So much I want to say
