

# W.A.S.P., High On Flames

Guess I've been bad all my life  
Yeah I've sinned bad all the time  
I should have never learned  
To play with fire - Oh, no, no

I got my front seat in Hell  
That my momma said I would get  
And all us dirty devils there  
Are high tonight

Yeah I know that I should have learned  
if ya play with fire ya burn  
No deposit, no return

On my life  
Oh, but there's a party down in flames  
and I got no time to waste  
No I ain't feeling no pain  
Too high to die

Oh, I'm getting - high on the flames  
Oh, I'm gonna - Ride on the flames  
Oh, I'm getting - high on the flames  
Oh, tonight  
Too high to die
